COPPELIA

Set design by Robert O'Hearn

Above: “Coppelia” seated in rolling chair unit with Dr. Coppélius at her side.

Left: Dr. Coppélius house with balcony and practical windows at upper floor to reveal the doll, Coppelia. The front door is also practical. The window is painted faux stained glass and glows when back-lit from the house interior.

Above: Coppelius Act I street scene with Swanilda's house stage right
Dr. Coppélius' house stage left

Below: Act II Dr. Coppélius' workshop. Coppelia wardrobe stage right and practical window center stage.

Below: Act III Town square dressed for Swanilda and Franz wedding celebration with bell center stage
