Mowgli delights audiences of all ages!

Eugene Ballet Company's *Mowgli – The Jungle Book Ballet* brings a full-scale production that will delight audiences of all ages. This full length ballet, with original choreography by Artistic Director Toni Pimble, is based on Rudyard Kipling's stories. You'll experience the spirited adventures of the jungle boy Mowgli as he grows up in India with Baloo the Bear, Shere Khan the Tiger and Kaa the Snake.

Designed by Emmy® award winner Gregory Crane, the sets come alive during the story morphing from the rich lush forest to the symbolic Council Rock and back, and from the monkeys' Lost City to the Village where Mowgli finds his mother. Also designed by Crane, our larger than life puppets—Kaa and Shere Khan—are manipulated by dancers on stage as the story unfolds.

Lavish and fanciful costumes and masks identify and articulate the wonderful solo characters (Baloo, Bagheera the Panther, Peacock, Porcupine, Kite, Bird and Bat), and the wolf family, monkey pack and villagers. Dazzling special effects and rhythmic Indian and world fusion music complete the experience that brought enthusiastic audience members to their feet with applause at the world premiere in April 2013.

Some parts for local dance school students will be available in *Mowgli – The Jungle Book Ballet*, increasing your audience attendance. Promotional photography and publicity tools for this exciting new work will make this production an easy sell artistically and financially.
